

## QUALITY POLICY

### 1. POLICY

Major Projects Group conducts business in the construction industry throughout Australia. Our key activity is industrial, commercial and marine demolition, as well as asbestos removal services. Our objectives are to develop a reputation with our clients for effective and efficient delivery of projects.

### 2. COMMITMENTS

In our commitment to project management of all scales we shall:

- Maintain a high degree of quality awareness in all our project tasks;
- Ensure compliance with all standards, codes and legislation relevant to our contracts;
- Strive for continual improvement by responding promptly to quality concerns with appropriate corrective action; and
- Monitor quality performance.

To achieve the above, all employees shall work in accordance with our management system developed in accordance with AS/NZS ISO 9001:2016 which is subject to ongoing improvement to ensure its applicability to company operations.
